

UNIVERSITY of VAASA

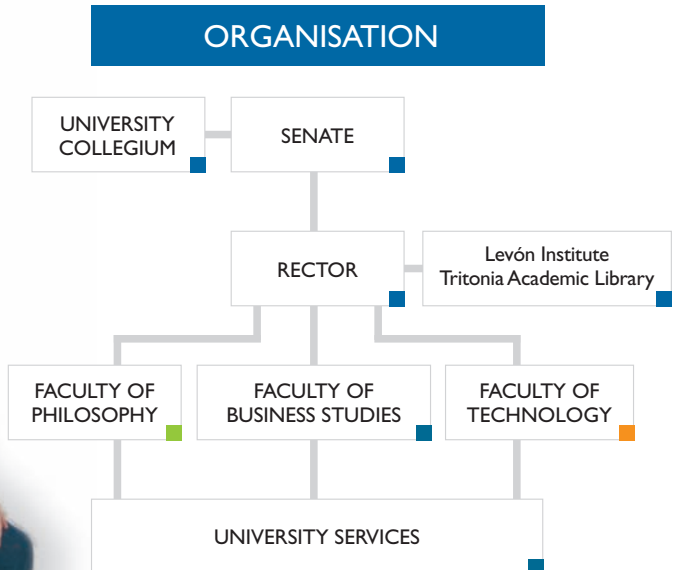

**Facts**

# BUSINESS-ORIENTED AND INTERNATIONAL

The University of Vaasa offers a multidisciplinary, modern and innovative study environment for approximately 4 500 students. Our fields are business studies, languages and communication, public administration and technology. All the university facilities are located at Palosaari, just a few minutes walk from the city center. Active international student and teacher exchange create a truly multicultural atmosphere to the campus.

Close cooperation and a search for synergy between the fields are characteristic of the University. The three faculties and two affiliated institutes all function according to their own profiles and work in close cooperation with the region's industry and societal structure as well as with domestic and foreign research institutes. The University is part of Vaasa Science Park and the cluster of local higher-education institutes.
